Dear Gregory:

This letter is in response to your letters of November 18, 2005 and March 27, 2006. I am supervisor of Dispatch for St Johnsbury Police/Fire. We would be the dispatch agency for fire or medical events in the locations outlined in your letter. The only concern I would have from a dispatch perspective is determining the exact location of the emergency. If those issues have already been addressed or will be addressed, there should be no unreasonable burden on my department.

Sincerely,

A handwritten signature in cursive script that reads "Mark Gilleland".
